## JURY OUT IN DYNAMITE CONSPIRACY CASE COURT ADJOURNS; NO VERDICT CAN BE RETURNED TODAY

### NO WORD HAS BEEN RECEIVED FROM JURY SINCE RETIRING

(By Associated Press)  
INDIANAPOLIS, Dec. 27.—The verdict in the dynamite conspiracy cases, if any are found today, will not be reported to the court until 2:30 o'clock or later. This was assured when Judge Anderson on receiving word from the jurors this morning that they were not ready to report adjourned court until the hour stated. The 40 defendants, with their attorneys, were in the court expecting to hear the result of the three months' trial.

Up to 3 o'clock this afternoon no word came from the jury. The court adjourned until tomorrow.

### BIG ADVANCE IS RECORDED IN BELMONT STOCK

CLOSING QUOTATIONS FROM EXCHANGE SHOW SECURITIES GAIN DURING DAY

Belmont stock was the feature of the San Francisco stock exchange today and although the close of the day's trading showed an advance of 7 1/2%, the securities sold at \$9.37 1/2 during the day or a figure \$1.08 higher than the opening quotation.

The stock closed last night at \$8.20-\$8.30 and the closing this afternoon was \$9.00-\$9.02 1/2. The stock was in demand throughout the day and the orders for buying were executed both on the San Francisco and New York exchanges.

The sudden advance is believed to be due to the general appearance of the mine, which is showing up more favorably every day. This is especially true, it is understood, in a southwest crosscut on the 12th level where a new body of ore was encountered over a week ago. The body is south of the Belmont vein and has not been identified with any other vein.

The covering of the shorts is also believed to have assisted the upward tendency of the stock.

### THREE PATIENTS ARE DISCHARGED FROM HOSPITAL

ILL AND INJURED MINERS COMPLETELY RECOVER FROM THEIR AILMENTS

Three patients at the Miners' hospital were discharged today, all having completely recovered from the illness that necessitated their confinement in the institution. Victor Johnson, suffering from pneumonia and quinsy; Mike Garragh, ill with lumbago; and Jerry Donovan, who injured his foot while at work in one of the local mines, were the patients discharged.

Miss Adel Coons, matron at the hospital, who is confined to her bed with an attack of rheumatism, was reported this afternoon as resting comfortably, although still quite ill. She will not be able to attend to her duties for several days yet, notwithstanding the best of medical attention is being received.

### APPEALS TO FARMERS TO RAISE SUGAR BEETS

(By Associated Press)  
WASHINGTON, Dec. 27.—With the declaration that the United States should raise all its sugar, the department of agriculture today issued an appeal to the farmers to go in for the cultivation of the sugar beet. It urges that money spent for foreign sugar be kept at home.

### MANY LEASERS AT ROCHESTER SHIPPING ORE

PROMINENT UTAH MINING MAN  
DECLARES CAMP HAS GREAT FUTURE

In the opinion of John Cleghorn, one of the widely known Utah mine operators and one who has pioneered in several of the camps of Nevada, Rochester is going to be one of the largest, if not the largest mining camp that the state of Nevada contains. Cleghorn has just returned from a visit to Rochester, says the Salt Lake Tribune, where he succeeded in picking up a group of five claims on lease and bond, which he believes will be found easily within the productive zone of the district.

Rochester camp formation, he states, is practically identical with that of Tonopah, there being a series of north and south fissure veins, the vein farthest to the east so far having been given attention. This vein crops for a very great distance and in a very bold manner, one boulder from the surface having filled 90 sacks with shipping-grade gold and silver ore. The other veins of the series have values, but they have not been prospected yet.

The Nenzel property has been leased in blocks of 300 feet each along the trend of the eastern vein, the Ludwig leasers now being engaged in sacking from five to seven feet of ore that runs from \$80 to \$100 per ton. On the Wilson lease they are sacking \$40 ore, but the day Cleghorn left the camp the values had increased to \$70. As to the extent of this ore Cleghorn is not positive, but that it is not a narrow streak is evident from the large pieces of the rich ore which he saw. To the north of these leases other leasers are preparing to begin work without delay along the same vein.

South of the Nenzel property is the Schick property, holding the same veins and from which several cars of ore have been shipped already, the values going from \$40 to \$60 per ton. The claim is under lease to William Borland.

Two miles west of the camp is the Lincoln Hill section, in which cuts a large porphyry dike, on either side of which are quartz veins ranging from two to four feet in width, the values ranging from a few dollars to high grade, with a probable average of between \$50 and \$60 per ton.

Cleghorn believes Rochester has all the essentials for a great producer and he is backing up his opinion by arranging to begin work there at the earliest possible hour.

### HUNGRY HIRAM WILL BE TENDERED FEED TONIGHT

GOVERNOR OF CALIFORNIA TO  
BE GUEST OF LOS ANGELES MOOSERS

(By Associated Press)  
LOS ANGELES, Dec. 27.—Governor Johnson, who is to be the guest of honor tonight at a banquet tendered him by the southern California progressive party leaders, arrived early today and was given an informal luncheon at the Los Angeles Athletic club.

A store that advertises must be a store of values—of "bargains"—or the advertising would not pay.

### LEASERS ON MUSTANG UNCOVER HIGH GRADE ORE

JOE COOK OF MANHATTAN  
BRINGS IN NEWS OF LATEST DISCOVERY

That an important strike had been made on the Mustang ground at Manhattan was the news conveyed to this city today by Joe Cook, who motored in from the northern camp last evening. Cook declared that leasers had opened up a small vein of extremely rich ore at a depth of 200 feet. The values are gold and are found in a blue quartz stringer. Assays of high figures have been obtained.

It is understood that the discovery resulted in a heavy demand for Mustang stock, the San Francisco exchange being flooded for orders for the securities. The quotations were forced up one cent on account of the demand.

Cook declares that Manhattan is the busiest mining camp in the state and is also prosperous. From the great activity to be noticed it is expected that numerous important developments will be made before the winter is over.

### DAN CUPID HAS OPENED QUARTERS AT POSTOFFICE

FOR FIFTH TIME IN TWO YEARS  
MARRIAGE WILL CAUSE VACANCY

Charles A. Smith and Miss Sadie Gibbons, both of Tonopah, will be married tomorrow morning at St. Patrick's church. Rev. Father Flynn officiating, and immediately after the ceremony the couple will depart for the coast where they will spend several weeks enjoying their honeymoon. The wedding will be a quiet affair and will be attended only by relatives and intimate friends of the couple. On the return from their honeymoon Mr. and Mrs. Smith will make their future home in this city.

The bride-to-be has been employed at the local postoffice for the last three years and today she resigned her position as assistant postmistress. During her term she has won many friends by her ever accommodating disposition and her unfailing cheery nature. She is the fifth attaché of the office to leave the government service within the last two years through the interference of Dan Cupid.

Smith has been a resident of Tonopah and southern Nevada for about four years. During the greater part of this time he was associated with the Liberty Mining company at Liberty, 14 miles north of Tonopah. Several months ago he resigned his position and entered the brokerage firm of J. C. Robertson. Originally he was from Philadelphia but this fact is known only to a few of his closest friends. He is exceedingly popular among his acquaintances but no more so than the young lady whom he will claim as his bride.

It is expected that the newly wedded pair will be given a rousing send-off in the morning with the usual accompaniment of old shoes and rice.

### SATURDAY NIGHT DANCE AT MINERS' EXCHANGE HALL

The Saturday night dances, which have long been enjoyable features of the winter and summer months, will again be started at the Miners' Exchange hall, commencing with tomorrow night. During the past few months the affairs have been held at the Nevada theater but with the completion of the Main street hall the functions will be transferred to that location.

### A. D. NASH HAS LONG WAIT FOR DELAYED BRIDE

FORMER TONOPAH MINING MAN  
IS MARRIED TO YOUNG CALIFORNIA GIRL

Arthur D. Nash, a prominent figure among the mining engineers of Tonopah in the first four or five years of the camp and who is still remembered here by a few, had quite a time in getting married at San Francisco last Saturday. His bride-to-be was aboard the City of Topeka that had a bad bouncing in crossing the bar at Humboldt bay and was 50 hours late. Someone told on the steamer, and though she blushingly denied it, everybody knew that Miss Anna Raymond was to be married as soon as she reached port.

Nash was waiting for her in a taxi and they just reached the county clerk's office in time to get their license and be married. They are now living at the St. Francis. The bride is the daughter of a well-to-do family in Humboldt county. Nash has now left mining for a while and has the contract for building the state highway through Trinity county, Cal., joining the Sacramento valley and the coast.

### STATE BANK CASE IS WON BY SHERIFF INGALLS

CARSON JUDGE DECIDES IN FAVOR OF SHERIFF OF ESMERALDA COUNTY

Judge Langan Monday rendered a decision in the case of W. A. Ingalls, sheriff of Esmeralda county, against the State Bank and Trust company, says the Carson News. When Ingalls was sheriff at the time of the closing of the bank, he had on deposit \$6266.13 belonging to himself and also \$3606.54 belonging to the county. When the bank closed he brought an attachment suit against the bank for the money, in accordance with section 19 of the statutes of 1907. Judge Langan rendered the following decision in part: "The attachment having been dissolved by the order appointing F. L. Wildes as receiver of the State Bank and Trust company, the lien created thereby is destroyed.

"The claim of W. A. Ingalls against the State Bank and Trust company for the sum of \$3606.54 is hereby adjudged to be a preferred claim and the receiver of said State Bank and Trust company is ordered and directed to pay to said W. A. Ingalls said sum of \$3606.54 as a preferred claim.

"As to the balance of said sum of \$6266.13 the prayer of said petitioner is denied, said sum not being entitled to preference as against the assets of the State Bank and Trust company."

### K. OF P. ATTENTION

All members of Mizpah lodge No. 25, Knights of Pythias, and visiting brothers are requested to meet at the Presbyterian church at 1:30 o'clock Sunday afternoon for the purpose of attending the services over our late brother, Murray Cochran. STUART MACDONALD, C. C. W. G. WALKER, K. of R. & S.

### STEAMER FLOATED AND BEING TOWED TO PORT

(By Associated Press)  
SANDY HOOK, Dec. 27.—The steamer Turrillaba, which went ashore Tuesday, was floated by tugs today and taken to New York for repairs.

### TEMPERATURE REPORT

Highest temperature yesterday, 32; a year ago, 33; lowest temperature last night, 25; a year ago, 19.

## WILSON TO CELEBRATE NATAL DAY TOMORROW AT OLD HOME

(By Associated Press)  
PRINCETON, N. J., Dec. 27.—President-elect Wilson shook off the attack of la grippe today and started to Staunton, Va., his birthplace, where he will celebrate his 56th birthday tomorrow. Mrs. Wilson accompanied him. National Chairman McCombs and a party of Virginians from New York were aboard the Wilson train.

Tendered Many Ovarions  
WASHINGTON, Dec. 27.—Elaborate preparations have been made here and in adjacent Virginia for the reception of Wilson when he arrives here this afternoon on his way to Staunton. He will be accorded an ovation all along the route.

## WISHES NEWSPAPER MEN HAPPY NEW YEAR CONVICT IS HANGED

(By Associated Press)  
SAN QUENTIN, Dec. 27.—Protesting his innocence until the last and wishing the newspaper men a happy New Year, John S. Rogers was hanged here today for the murder of Benjamin Goodman, a San Francisco jewelry salesman, on November 21, of last year.

Rogers killed Goodman with a hatchet, robbed the body of \$2500 worth of jewelry and hid the remains in a cellar. He worked not ten feet from it for three days. He gave one of the rings to a woman of the town who told the police where to look for the balance. Most of the jewelry was found in a safe deposit box.

### M'QUILLAN TO HAVE CHARGE OF THE NORTH STAR

GENERAL MANAGER OF THE RESCUE  
EULA IS NAMED TO  
SUCCEED S. H. BRADY

The first of the year will witness a change in the management of the North Star Tunnel and Development company, for on that date S. H. Brady, general manager and consulting engineer, will sever his connections with the company. He will be succeeded as general manager by James J. McQuillan, who at the present time is the general manager of the Rescue Eula company.

Brady tendered his resignation when the board of directors of the North Star company met several days ago. The resignation was to take effect on the first of the year and was accepted by the board. Brady stated that owing to the press of affairs in connection with the West End, Halifax, Monarch Pittsburg and several outside companies, he was unable to give the attention to the North Star that was necessary.

### FUNERAL OF TONOPAH PIONEER HELD SUNDAY

CHANGE MADE IN PLANS TO ALLOW  
HOSTS OF FRIENDS TO  
ATTEND SERVICES

The funeral of the late Murray Cochran, which was announced yesterday as to be held from the residence of Will Cochran, will be held from the Presbyterian church. The services will be conducted by the Rev. J. M. Swander at 2 o'clock. The Pythian burial ritual will also be complied with. The change was made necessary in order to accommodate the many friends of the deceased who will gather to pay their last tribute to the memory of the pioneer of this camp.

The members of the local order of Eagles will also attend the services in a body.

### OLD COSTUMES TO BE WORN AT PIONEER DANCE

NOVEL AFFAIR WILL BE HELD  
AT MINERS' EXCHANGE  
NEW YEAR'S EVE

Pioneer days in Tonopah will be brought back to life at the dance to be given New Year's eve at the Miners' Exchange hall by the Uniform Rank, Knights of Pythias. The affair will be known as a pioneer dance and everybody attending is expected to appear attired in some old costume. The garments are supposed to represent the style as worn by the pioneers after their arrival in Tonopah, and as dress suits were an unknown quantity during the infancy of this camp it can be readily understood that the ball will not be a dress affair.

### MANY VESSELS WITH CREWS LOST FRENCH COAST

SEVERE STORM IN ENGLISH  
CHANNEL CAUSES SERIOUS  
LOSSES

(By Associated Press)  
HAVRE, France, Dec. 27.—The severe storm that prevailed on the English channel for the last few days has caused serious losses along the French coast. Many fishing vessels with their crews are lost.

A number of vessels have taken refuge in harbors. All telegraph communication is interrupted.

### IS BACKING UP HIS ASSERTIONS WITH BIG ARMY

EGYPTIAN PRINCE PROCLAIMS  
HIMSELF AS THE PRINCE  
OF ALBANIA

(By Associated Press)  
PARIS, Dec. 27.—Prince Ahmed Fuad, uncle of the khedive of Egypt, is preparing to enter Albania at the head of 20,000 troops to proclaim himself the prince of Albania, according to a correspondent of the Temps.

Prince Fuad is of Albanian descent and recently exchanged visits with Austro-Hungarian Foreign Minister Steiner. He was then regarded as a serious candidate for the throne of Albania.

Certificates of location on sale at the Bonanza office.
